

THE COMMONER

ST BARNABAS CLAPHAM COMMON

16 FEBRUARY 2024 ISSUE #57

What's this? A group of ordinary looking people asking an important question: why are we here? By the sound of it, there's something existential going on; it's quite possibly something theological, too. In fact, it sounds like it could be our Lent Course, *difference*.

We live in a messy world full of division – from the level of global conflict right down to our own relationships. This year's course, *difference*, equips us to cross divides, navigate disagreement and prejudice and pursue a just and flourishing world.

So why are we here? To explore one of the deepest truths of the gospel together: that God was in Christ, reconciling the world - for all its hostility and complexity - to himself [2 Cor 5.18]. Join us to find out more.
